Foreword

We, the yearbook staff, would like to acknowledge our appreciation and gratitude for all the assistance we had in preparing our 1979 yearbook.

To all the people who provided the pictures and memories that made this yearbook possible we want to say "thank you".

A thank you also goes to our advisor, Marilyn Pontius, who made working on the staff a real pleasure.

Dedication

Tom Dove

We heard so many kind words spoken of this worthy soul we know, we might have filled your heart with sunshine if only we'd told you so.

Your deeds always so humble helped us on our way to go, so freely we have accepted your guidance though we rarely told you so.

This is why we dedicate this book to you with all our appreciation; for all the countless ways you've helped us through your enthusiasm, kindness and patience.

Appreciation

Roger Richardson and Lois Eby

Betty Brian and Marilyn Pontius

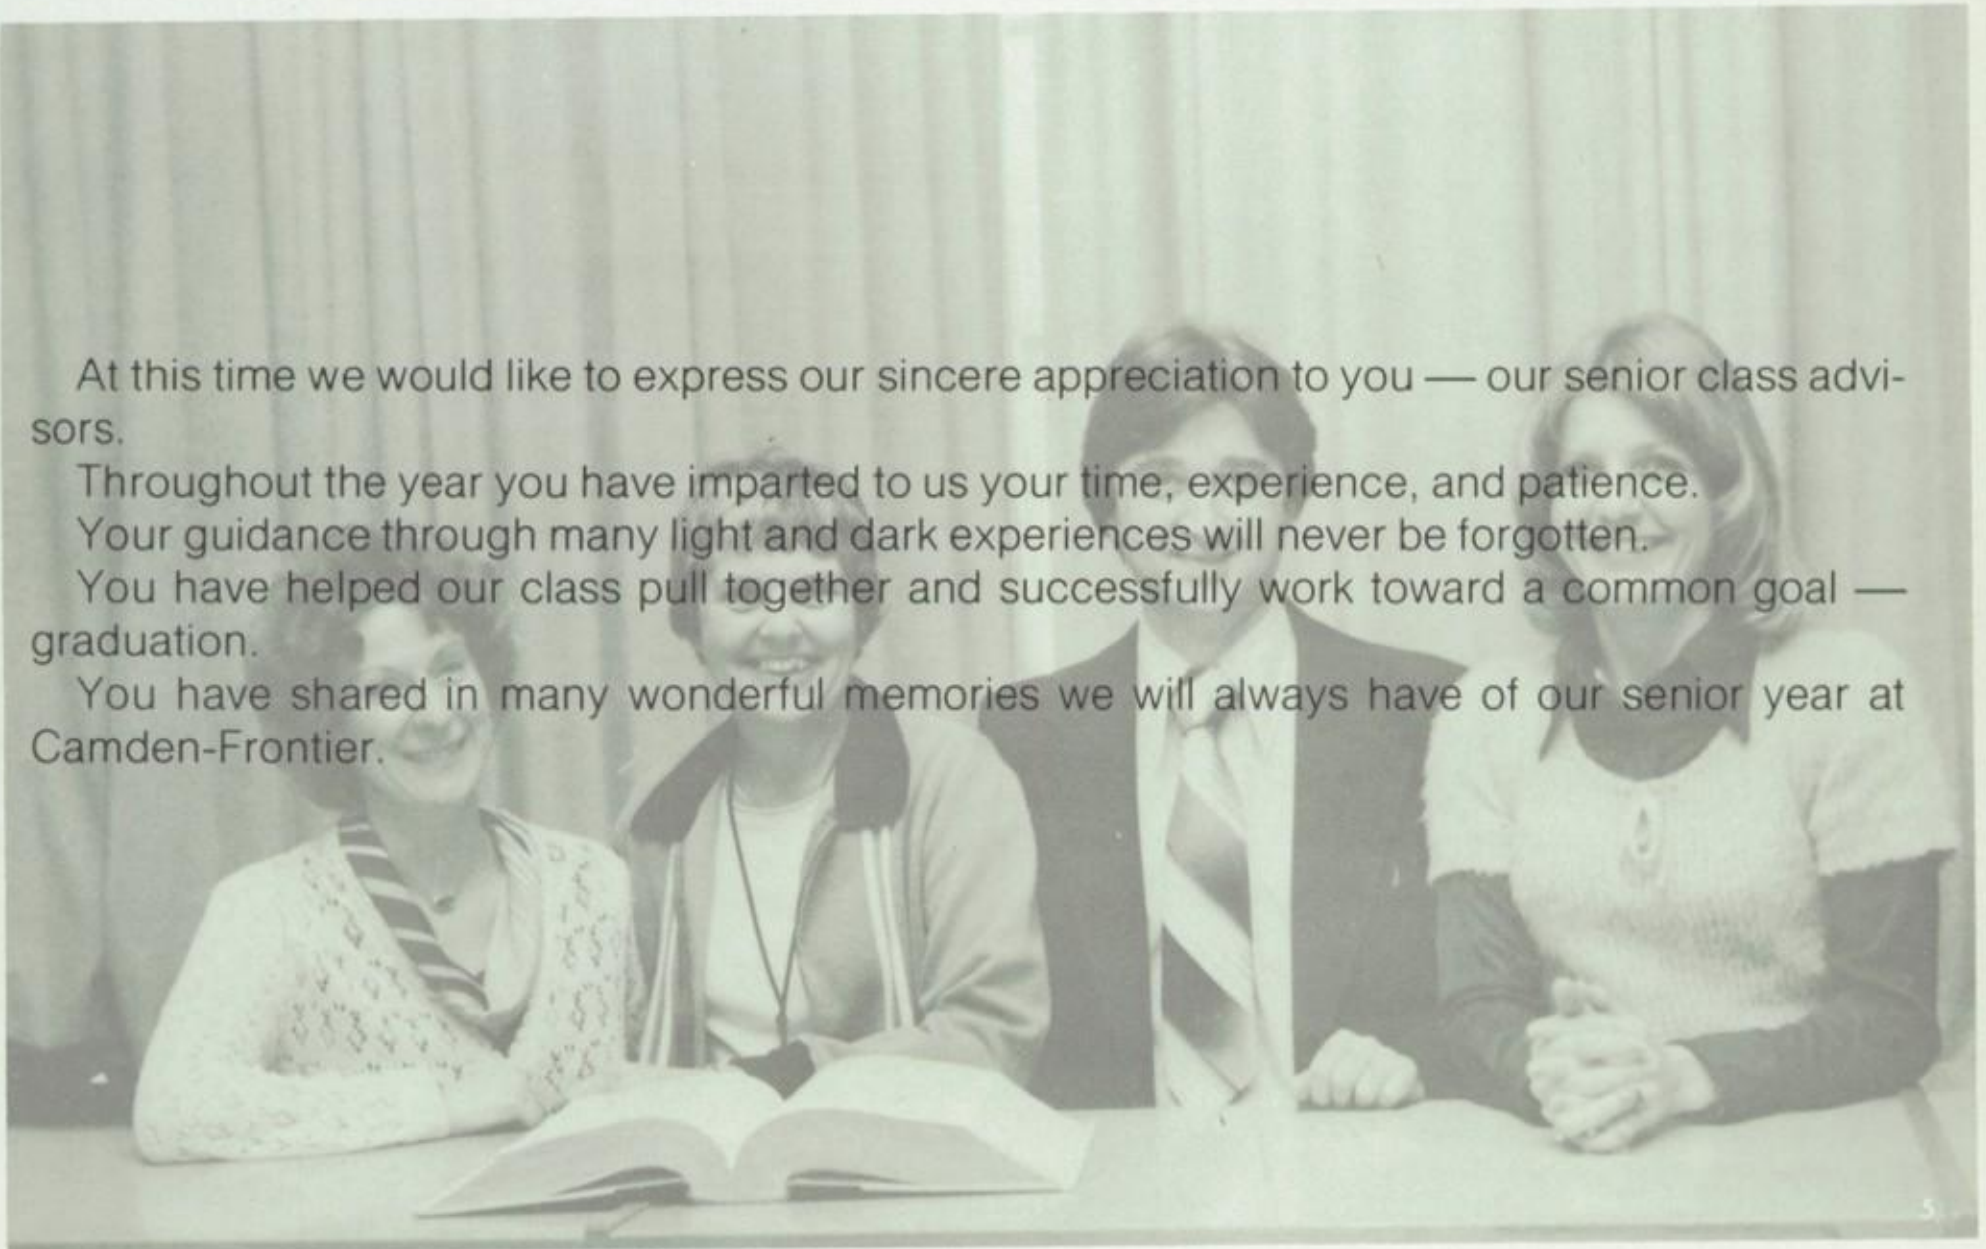

At this time we would like to express our sincere appreciation to you — our senior class advisors.

Throughout the year you have imparted to us your time, experience, and patience.

Your guidance through many light and dark experiences will never be forgotten.

You have helped our class pull together and successfully work toward a common goal — graduation.

You have shared in many wonderful memories we will always have of our senior year at Camden-Frontier.

Welcome to C-F

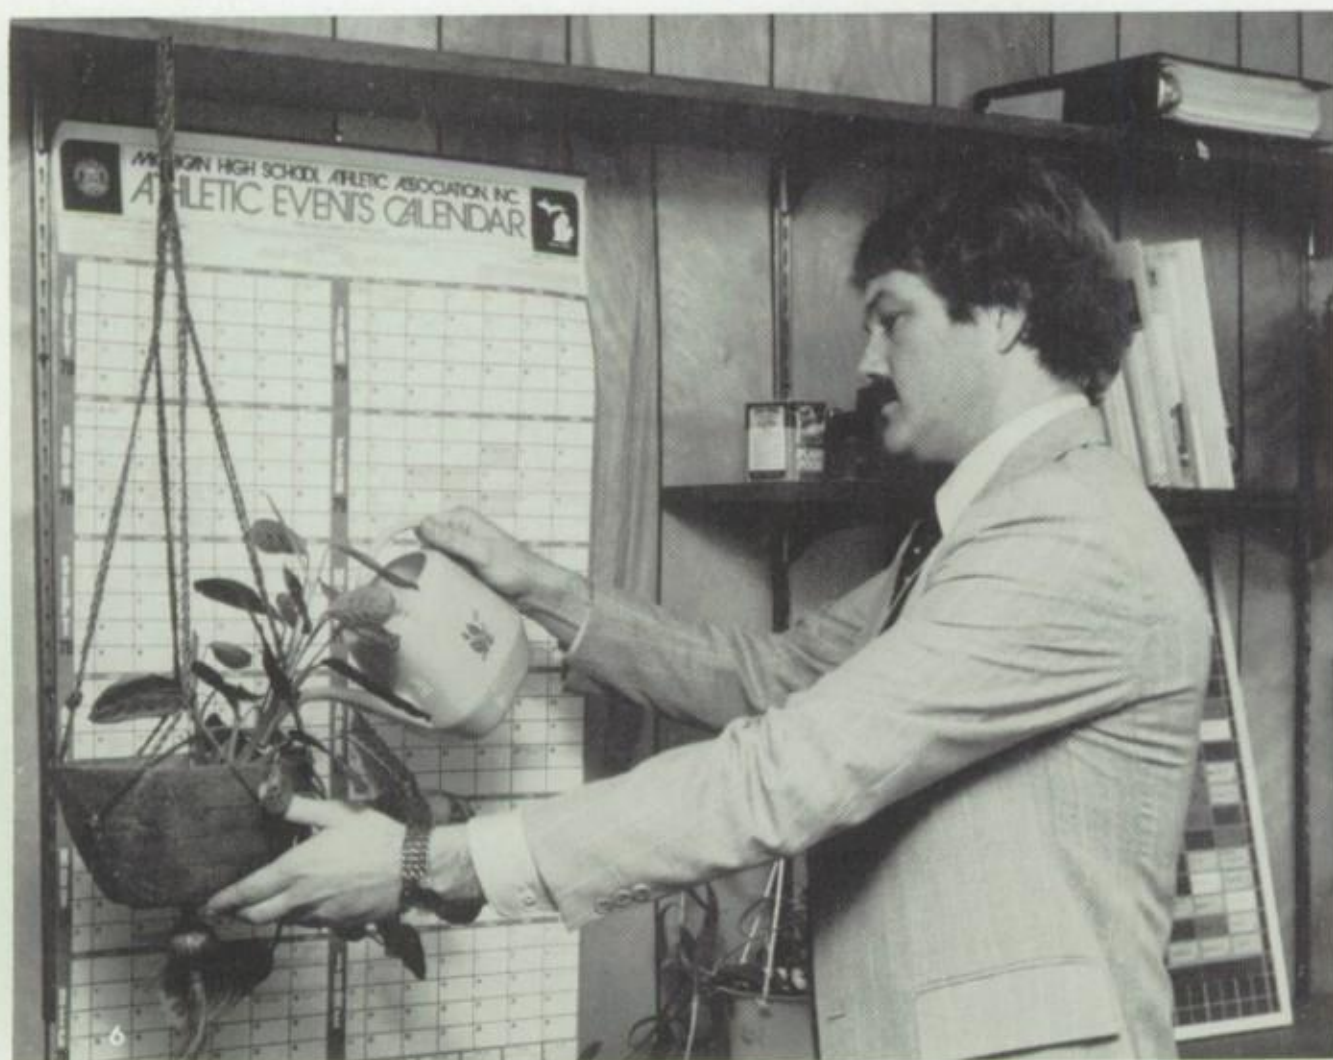

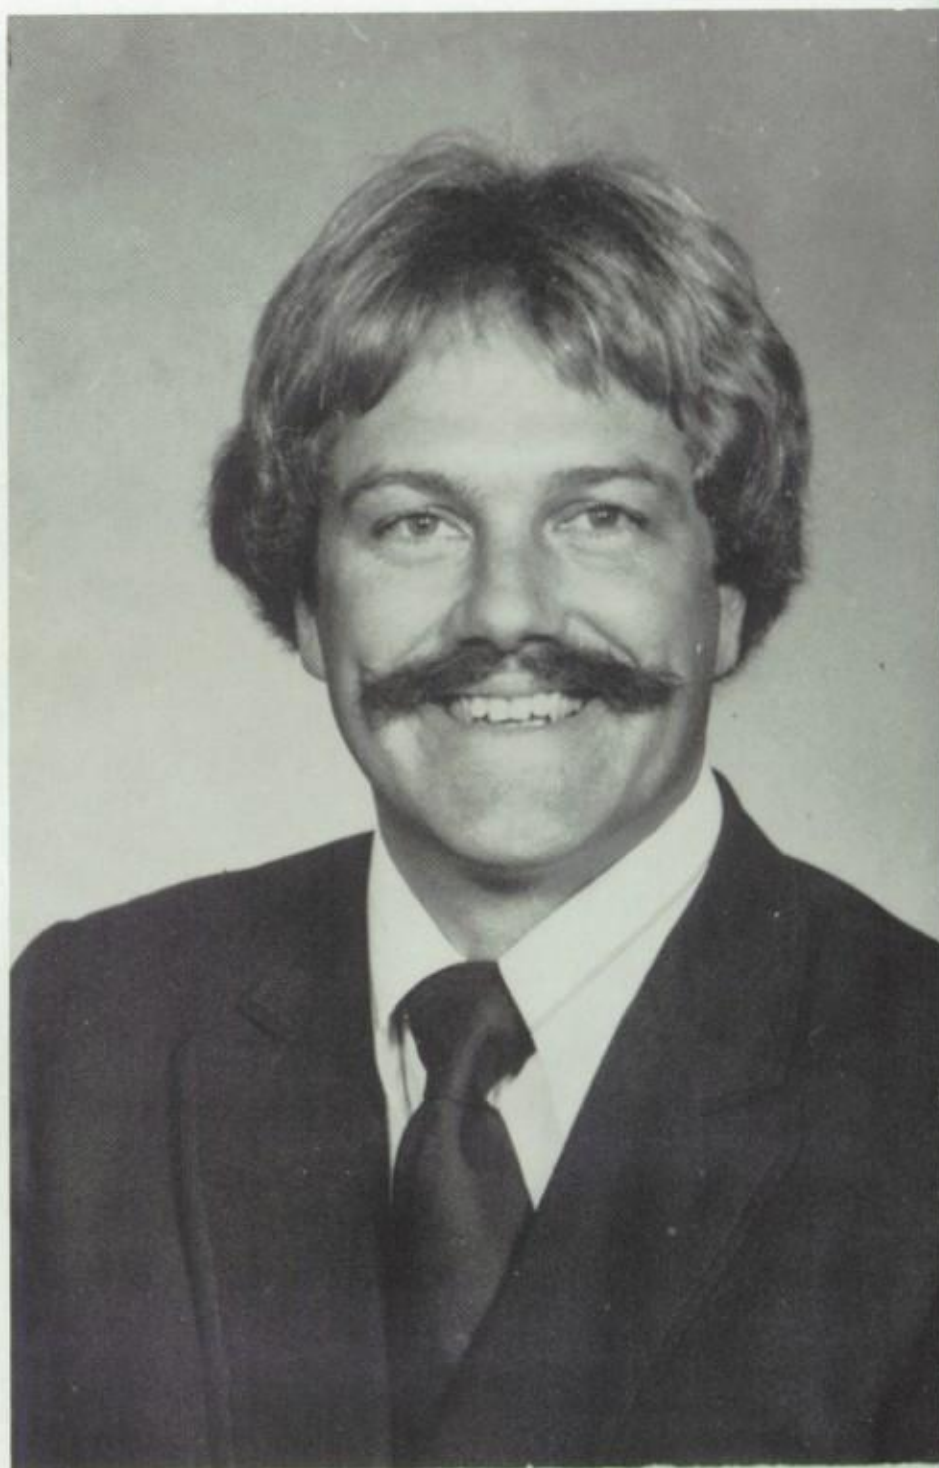

Gary Kamminga

One of the new faces around Camden-Frontier School this year is Gary Kamminga — high school principal.

Mr. Kamminga acquired experience in the field of education by teaching art and history at the Hudsonville Public School, and being a substitute teacher in the Grand Rapids Public Schools.

When he isn't busy at the school as an administrator, he enjoys skiing, reading, fishing, and listening to classical music. When you venture into his office you will readily see that he has a "green thumb", for you will be greeted by a variety of plants. Upon his walls you will see many beautiful paintings and prints, many of which have been done by him.

We, the student body of Camden-Frontier, sincerely hope that he will continue to enjoy his stay with us.

Resident Artist

Camden-Frontier School has been given the wonderful opportunity of having Ms. Laura Hourtienne as our resident artist for the 1978-79 school year.

This Michigan born artist has chosen as her favorite medium — silkscreening. During this year she has been giving her skill and knowledge to the students and adults of our area.

Ms. Hourtienne has had a wide experience in both the arts and the humanities. She has studied German and literature at various universities in this country as well as in Europe.

She taught German Literature and Culture at Wells College, Wellesley College and Brandeis University.

Laura received training in printmaking at the Boston Museum School and silversmithing at DeCordova Museum.

Her work has been shown at the Ainsworth Gallery in Boston and at the galleries in Wellesley, Massachusetts.

If you wish to see her work on permanent display, you may at the Birmingham Gallery and in the Xochipilli Art Gallery in Rochester, Michigan.
